Manufacturers Association®

*A complete technology services solution to
keep your small business on course !*

"Sailing Ahead: How XL.net Enabled 100% Remote Work in 24 Hours for a Marine Association"

At a glance ▼

Faced with fragmented systems and a sudden need to transition over 100 employees to remote work during the pandemic, a leading marine trade association turned to XL.net. By providing proactive IT solutions, rapid remote enablement, and strategic IT planning, XL.net transformed their operations, enabling seamless functionality and future-focused growth.

CHALLENGES ▼

Before partnering with XL.net, the National Marine Manufacturers Association (NMMA) encountered fragmented systems from multiple disjointed systems lacking integration and efficiencies, limited IT resources and significant gaps in remote work capabilities due to VPN, licensing and infrastructure issues

SOLUTIONS ▼

XL.net delivered a tailored IT Managed Services package to address the Association's challenges including a seamless transition to Remote Work, Integrated IT Systems through strategic IT planning and alignment and a 24/7 Proactive IT Support offering continuous monitoring and monthly auditing.

BENEFITS ▼

- 1 Operational Business Continuity**
Rapid remote work enablement ensured uninterrupted workflows
- 2 Scalable IT Infrastructure**
Integrated systems and proactive support prepared the association for future growth.
- 3 Enhanced Productivity**
Employees focused on mission-critical activities without distractions.
